

## Senior Quality Assurance Professional

CDP is searching for experienced **Senior Quality Assurance Professional** to test their world class software solutions. Our company develops software for state and federal government health agencies. Most of our projects employ agile development methodologies (others employ a hybrid) which result in a unique, fun, and flexible team environment while providing an opportunity for our employees to learn and advance their professional development.

### Responsibilities:

- Ensuring the quality of the software being developed.
- Testing CDP's software solutions.
- Managing the QA workload and on an assigned team.
- Providing guidance and leadership to other QA engineers to ensure that the deliverables meet business requirements and company quality goals.
- Working closely with the QA manager to enforce quality standards and best practices within the QA team, communicate progress on achievements and obstacles, and seek guidance when necessary.

### Minimum Qualifications:

- 8-10 years working in a test engineer role with at least 1 year of proven experience in a QA lead role or team lead position.
- Expertise in defining test strategies and test objectives that align with project needs.
- Proficient in determining and articulating test planning information for both individual product changes and whole system test scenarios.
- Accomplished in reviewing and understanding project goals and assessing needs to meet critical deliverable deadlines.
- Experienced at testing web-based, browser-based, and smart client applications.
- Proficient using SOAP UI, Postman, or other web service call/API test utility.
- Proficient in using Microsoft® Azure Devops to manage work items and prepare test artifacts.
- Excellent critical thinking skills with strong problem-solving and troubleshooting abilities.
- Understanding and/or working knowledge of SQL/Oracle databases with the ability to write complex queries using select and join statements
- Complete understanding of software development life cycle, development methodologies, and testing techniques.
- General technical background that includes solid skill working with desktop applications such as Microsoft Office.
- Proven ability providing guidance, training, and direction to staff QA engineers.
- Outstanding written, listening, and verbal communication skills.
- Ability to stay focused, manage time wisely and change gears quickly to thrive in a collaborative fast-paced environment

## Preferred Requirements

- Bachelor's degree in related area or equivalent experience.
- Experience using Microsoft® Playwright automation framework.
- Familiarity with different development methodologies including, SCRUM/Agile.
- Competence working with computer hardware.
- Demonstrates a passion for excellence and values relationships with peers.

## Plus:

- Knowledge of Women, Infants, and Children (WIC) and/or Health Care Programs and Systems.
- Customer support experience.
- Experience testing point-of-sale systems.

Remote positions available immediately. Applicant must be authorized to work in the United States on a fulltime basis for any employer.

Travel between CDP offices may be required periodically. CDP offers competitive benefits including employee paid insurance, 401k match, profit sharing and much more.

## About Our Culture

At our core, we value our relationships, both internally and externally. This means we respect everyone's contributions. Our staff and customers have a seat at the table. We listen, we comment, and we decide our way forward based on what is best for all. Because we are a private company, we do not have public shareholders to report to. We do not have quarterly or annual financial targets to meet. Our relationships are paramount because they determine our long-term success. *When everyone feels empowered, everyone succeeds.*

It is the policy of Custom Data Processing, Inc. to assure that applicants are considered and that employees are treated fairly during their employment, without regard to race, color, religion, age, physical or mental disability, sex, marital status, ancestry, national origin, veteran's status, citizenship, pregnancy, sexual orientation, other protected activities, or any other characteristic protected by federal, state, or local law. Such action shall include, but not be limited to the following: employment, promotion, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; wages or other forms of compensation; selection for training, including apprenticeship, pre-apprenticeship, and/or on the job training; and ensuring and maintaining a work environment free of harassment, intimidation, and coercion at all sites and in all facilities at which employees are assigned to work.
